# HCl2

*Title Presentation*

**Presented by:**
Group 1

# GeoNexus

Development of an interactive web-based GeoSpatial Platform for Global Country visualization, Real-time news integration, and Multi-layered Information Exploration

# GeoNexus

## The Problem

**Global News & Data OVERLOAD:**

- Scattered news across 195+ countries
- Static maps can't handle real-time updates
- Hard to connect geopolitics + economics
- No single dashboard for layered insights

**"World events happen too fast for flat maps"**

# GeoNexus

Proposal

## GeoNexus - Global Intelligence Dashboard

- Interactive world map hub
- Real-time news integration
- Multi-layered data visualization
- HCI-optimized exploration

**"One map to understand the world"**

# GeoNexus

## Key Features

- Live News Feeds by Country (BBC, Reuters)
- Economic Indicators (GDP, inflation, trade)
- Real-time Alerts (conflicts, disasters)
- AI Semantic Search ("oil crisis impact")
- Interactive 2D map + Color coded borders

**"Interactive world at your fingertips"**

# GeoNexus

## Importance

- Helps analysts, students, researchers
- Perfect HCI data visualization showcase
- Mobile-first, accessible design
- PH students understand global context
- Future of news + geospatial intelligence

**"Connecting world events through HCI"**

# LUcator 2.0

Optimizing Navigation for Accessible Campus Mobility:
Enhancement of the Interactive Map for
Laguna University Campus

# LUcator

## The Problem

**Campus Navigation NIGHTMARE:**

- 74% students can't find buildings/rooms
- Google My Maps = basic pins only
- Freshmen & PWDs get totally lost
- No real-time info or accessibility

**"Lost time = stressed students"**

# LUcator
Proposal

## LUcator 2.0 - Next-Gen Campus Map

- HCI-focused redesign
- 2026 technology features
- Accessibility-first design

**"Smart campus in your pocket**

# LUcator

## Key Features

- AI Pathfinding + AR Directions
- Voice Search ("Nearest CR")
- Live GPS + Indoor Positioning
- Crowd Heatmaps & Schedules
- WCAG 3.0 Full Accessibility

**"Future-proof navigation"**

# LUcator

## Importance

- Helps LU students daily
- Inclusive for PWDs & freshmen
- Data for campus planners
- Model for PH universities
- Perfect HCI showcase

**"Real HCI solving real problems"**
